Federal Communications Commission

*Dear Chairman Pai,*

*I write to support the Comments of the Cable Act Preservation Alliance (“CAPA”) and to disapprove of the proposals and tentative conclusions set forth in the FCC’s September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05- 311.*

*I believe continued support of community media is so important! As our world becomes increasingly corporate and global, the power of local connections, communications and expressions can make a world of difference*

*In addition to appreciating video coverage of Chelmsford government and citizen-led meetings, school sports and concerts and parades, I see the program as an amazing way to help develop production skills for both youth and adults, and as a powerful medium for people learning to “put their voices out there” and develop and grow.*

*I have been a guest on numerous TV shows, and have twice had my own "Musical TV Special" which has helped me to advance my career and work with high quality finished products to share with others, all because I am lucky enough to belong to this community.*

*Continued support is critical! Programs like this languish when they are not supported, and flourish when they are.*

*Please make the choice to continue to support community media. The vibrancy of our local future is in your hands.*

*Sincerely and with gratitude,*

*Anna Huckabee Tull*

*Local Author, Musician, and Life Coach*
